Monthly income is calculated as a percentage of the face value, which is the notional value used to determine the monthly income and additional guaranteed cash benefit.

Lifetime additional guaranteed cash benefit – every 15 years

On top of the monthly income, you will receive an additional guaranteed cash benefit payable in one lump sum at every 15 policy-year interval. The additional guaranteed cash benefit is equivalent to 0.4% of the face value.

Reinvest or use the cash

Enjoy the flexibility to receive the monthly income and additional guaranteed cash benefit to suit your lifestyle needs, or reinvest it with Etiqa to enhance your wealth at a non-guaranteed interest rate.

4-year premium, lifetime protection

You only pay for the first 4 years of the 10-year premium term. Automatic Premium Benefit (APB) takes care of the rest while you benefit from lifetime death protection, monthly income and additional guaranteed cash benefit. Enjoy hassle-free application with no medical checkups required.

Let your legacy shine for generations to come.
