Our Policy on Market Timing

The Fund is designed and managed to support medium to long-term investments. In this regard, we, take a serious view of, and strongly discourage the practice of market timing (that is, investors conducting short-term buying or selling of Units to gain from inefficiencies in pricing). This is because such practices may cause an overall detriment to the long-term interest of other investors. In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund which may disrupt the investment strategies to the detriment of long-term investors. For the reasons set out above, we strongly discourage the practice of market timing and may implement internal measures to monitor and control such practice to the extent of our powers available under the Deed. We intend to review our policy on market timing from time to time in a continuous effort to protect your long-term interests.

The register of Holders of the Fund (the “**Register**”) can be inspected at 20 Pasir Panjang Road (East Lobby), #12-21 Mapletree Business City, Singapore 117439 during usual business hours subject to reasonable conditions and restrictions as we or the Trustee may impose. The Register is conclusive evidence of the number of units in the Fund (“**Units**”) held by each Holder and the details in the Register shall prevail if there is any discrepancy between the entries in the Register and the details appearing on any statement of holding, unless the Holder proves to our satisfaction and the satisfaction of the Trustee that the Register is incorrect.

The Administrator

The administrator of the Fund is HSBC Institutional Trust Services (Singapore) Limited, whose registered office is at 10 Marina Boulevard, Marina Bay Financial Centre Tower 2, #48-01, Singapore 018983.

5. The Auditors

The auditors of the accounts relating to the interests under the Deed are PricewaterhouseCoopers LLP whose registered office is at 7 Straits View, Marina One East Tower, Level 12, Singapore 018936 (the “**Auditors**”).

6. Fund Structure

The Fund is a Singapore constituted open-ended standalone unit trust and has no fixed duration.

There are currently four classes of Units (each, a “**Class**”) within the Fund:

- (i) SGD Class (Accumulation) Units (“**SGD Class Units**”);
- (ii) USD Class (Accumulation) Units (“**USD Class Units**”);
- (iii) SGD Class (Decumulation) Units; and
- (iv) SGD Class (QDistribution) Units.

Classes with “SGD” are each denominated in Singapore Dollars whilst Classes with “USD” are each denominated in US Dollars.

Classes with “(Accumulation)” are each an accumulating Class of Units which do not make distributions to Holders of such Class.

Classes with “(Decumulation)” are each a decumulating Class of Units which may, at our discretion, make distributions to Holders of such Class.

Classes with “(QDistribution)” are distributing Classes of Units which may, at our discretion, make distributions to Holders of such Class on a quarterly basis.

There are no material differences between the Classes of Units save for the currency of denomination and distribution policy. Please refer to Paragraph 20.2 for more information on how distributions can be made in respect of the distributing and decumulating Classes.

7. Investment Objective and Approach

7.1 Investment Objective

The investment objective of the Fund is to achieve long-term capital appreciation by investing primarily in securities of companies incorporated in, operating principally from, or deriving significant business presence or risk exposure from, Singapore. The investments of the Fund shall be diversified among various sectors.

7.2 Investment Approach

Investment Philosophy

We believe that Asian equity markets are structurally inefficient and this inefficiency provides the opportunity for us to add value through a disciplined investment process. We believe that consistent long term returns can be achieved through in-depth fundamental research, a disciplined focus on valuations, understanding what is “priced in” by the market and what the key stock catalysts are.

Please note that Units of the Fund are Excluded Investment Products and prescribed capital markets products ¹. Accordingly, the Fund will not invest in any product or engage in any transaction which may cause the Units of the Fund not to be regarded as Excluded Investment Products and prescribed capital markets products.

Investment Process

The investment process comprises research and portfolio construction.

Research is a critical component to our investment approach. Direct company management contact coupled with industry data and feedback form the backbone of our research effort.

Risk reward analysis for each stock combines fundamental bottom up analysis with a rigorous examination of stock drivers. Below are the key areas of our focus:

Business

- Industry outlook
- Company’s trend in market share and profitability
- Barriers to entry and pricing power dynamics
- Business risks

Management

- Business strategy
- Execution track record
- Corporate dynamics
- Capital management potential, like share buybacks or dividend payout increase

Valuation

- Varied valuation approach depending on the industry and what point of the cycle the industry is in
- Valuation relative to historic range as well as at similar points of the industry cycle
- Valuation relative to market average

¹ “**Excluded Investment Product**” is as defined in the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products. “**Notice on the Sale of Investment Products**” means the Notice on the Sale of Investment Products issued by the MAS, as the same may be modified, amended or revised from time to time. “**Notice on Recommendations on Investment Products**” means the Notice on Recommendations on Investment Products issued by the MAS, as the same may be modified, amended or revised from time to time. “**Prescribed capital markets products**” is as defined in the Securities and Futures (Capital Markets Products) Regulations 2018.

Catalysts

- Positive/negative earnings surprises
- M&A opportunities
- Improving/deteriorating industry cycle
- Restructuring/turnaround
- Capital management/capital raising risks

We construct the portfolio in a manner consistent with the Fund's objective as well as taking into account the prevailing macro directions and sector/thematic considerations.

Positions in the Fund are sized according to several factors:

- Expected returns based on fundamentals and valuations
- Specific risk factors
- Conviction on management's ability to deliver
- Liquidity and market capitalization

The Fund's Net Asset Value may have higher volatility as a result of its narrower investment focus on a limited geographical market, when compared to funds investing in global or wider regional markets.

7.3 Authorised Investments

The Fund is authorised to invest in any Investment² or other property, assets or rights for the time being approved by the relevant competent authority in Singapore for investment subject to compliance with the provisions of Appendix 1 of the Code on Collective Investment Schemes dated April 2011 issued by the MAS (as amended from time to time) (the "**Code**") and to the extent allowed under the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of the Fund as Excluded Investment Products and prescribed capital markets products ("**Authorised Investments**").

Waiver from MAS

You should note that the MAS has granted the Fund a waiver from paragraph 4(e)(i) of Appendix 5 of the Code subject to the following conditions:

- (i) the Fund may only invest in a transferable security that is a constituent of its reference benchmark up to the higher of:
 - A. the single entity limit specified in paragraph 2.1(a) of Appendix 1 of the Code; or
 - B. 2 percentage points above the weighting of the constituent in the reference benchmark,but such investment must not exceed 22% of the Net Asset Value of the Fund;
- (ii) the Fund complies with the group limit specified in paragraph 2.3 of Appendix 1 of the Code;
- (iii) the waiver and conditions attached to the waiver must be disclosed in the prospectus of the Fund; and
- (iv) the prospectus of the Fund must contain an explanation of how the limits in paragraphs (i) and (ii) above will affect the fund manager's investment strategy vis-à-vis the benchmark of the Fund.

² "**Investment**" means any share, stock, bond, debenture, debenture stock, unit or sub-unit of a unit trust or mutual fund approved by the relevant authorities, warrant, option, forward, future or any other derivative or other security.

The limits in paragraphs (i) and (ii) above do not affect our investment strategy vis-à-vis the benchmark of the Fund.

We will continue to add value through a disciplined investment process which includes in-depth fundamental research, a disciplined focus on valuations, understanding what is “priced in” by the market and what the key stock catalysts are, to generate consistent long term returns for the Fund. The Fund will also continue to invest in Authorised Investments consistent with the investment objective of the Fund.

7.4 Benchmark

The current benchmark of the Fund is the Morgan Stanley Capital International (MSCI) Singapore Index. The Fund uses its benchmark for performance comparison. The Fund is actively managed and the investment of the Fund may deviate significantly from components of and their respective weightings in the benchmark.

7.5 Fund Suitability

The Fund is only suitable for investors who:

- seek regular distributions and/or capital growth over the long term;
- are comfortable with the greater volatility and risks of an equity fund.

8. Fees and Charges

Fees and Charges Payable by Holder	
Preliminary Charge*:	Currently up to 4%. Maximum 5%.
Realisation Charge:	Currently Nil. Maximum 5%.
Switching fee:	Currently up to 1%** . Maximum 5%
Fees Payable by the Fund	
Annual management fee: (a) Retained by Managers (b) Paid by Managers to financial advisers/ distributors (trailer fee)	Currently 1.15% p.a. Maximum 1.25% p.a. (a) 0% to 60% of the Annual Management Fee (b) 40% to 100%# of the Annual Management Fee

*The Preliminary Charge (if any) will be payable by Holders to us or to appointed distributors or will be shared between us and appointed distributors depending on the arrangement between us and the relevant appointed distributors. Additional fees may be imposed and payable to appointed distributors that are in addition to the maximum Preliminary Charge disclosed above, depending on the specific nature of services provided by the appointed distributor.

In the case of a switch of Units of a Class (the “Original Class**”) to another Class of Units within the Fund (the “**New Class**”) or units of another fund managed by us (the “**New Fund**”), all of which must be denominated in the same currency as the Units of the Original Class held by the Holder, the switching fee referred to relates to the preliminary charge imposed by us for investment into the New Class or New Fund (as the case may be). Such switching fee which may be up to 1% would, in the case of a New Class or New Fund (as the case may be) which normally imposes a preliminary charge of more than 1%, effectively translates to a discount of the preliminary charge of the New Class or New Fund (as the case may be). Currently, no switching fee is charged for a switch of Units to units in a money market fund managed by us.

Your financial adviser/distributor is required to disclose to you the amount of trailer fee it receives from us.

In addition, subject to the Code we may from time to time, in our absolute discretion, invest up to 10% of the Net Asset Value of the Fund in any single collective investment scheme or real estate investment trust ("REIT") which may or may not be authorised or recognised by the MAS. It is estimated that the Fund will pay the following fees and charges to each of such collective investment schemes or REITs:

(i)	Subscription fee or preliminary charges	Generally ranging from zero to 5%
(ii)	Realisation fee	Generally ranging from zero to 5%
(iii)	Management fee	Generally ranging from zero to 1.75% p.a.
(iv)	Performance fee	Generally ranging from zero to 25% p.a. (and in some cases only in excess of a hurdle rate of return)
(v)	Other fees*** (which may include trustee/custodian fee, legal fees, audit fees and administrative costs)	Generally less than 5% p.a.

*** Subject to the Code, the Fund may invest in REITs which may be listed on a securities exchange. Fees payable by investors in such REITs may also include, without limitation, other fees such as property management and lease management fees, acquisition fees, divestment fees and commissions (which may consist of underwriting and selling commissions payable to the underwriters of the REIT).

The actual fees incurred by the Fund as a result of its investment in each of such collective investment schemes or REITs may be higher or lower than the estimates provided above.

If the Fund invests in any collective investment scheme managed by us, all or part of the subscription fee, realisation fee, management fee and performance fee may be either waived or rebated back to the Fund, at our discretion.

As required under the Code, all marketing, promotional and advertising expenses in relation to the Fund will be borne by us and will not be charged to the deposited property of the Fund. Such expenses shall exclude those for the preparation, printing, lodgement and distribution of prospectuses or product highlights sheets.

9. Risks

9.1 General risks

You should consider and satisfy yourself as to the risks of investing in the Fund. Generally, some of the risk factors that should be considered by you are market, credit, derivatives, interest rate, liquidity and regulatory risks.

An investment in the Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such an investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.

9.2 Specific risks

9.2.1 Market risks

The risks of investing and participating in listed and unlisted securities apply. Prices of securities may go up or down in response to changes in economic conditions, interest rates, and the market's perception of securities. These may cause the price of Units to go up or down as the price of Units is based on the current market value of the investments of the Fund.

There are also the risks of investing in bonds and other fixed income securities. Bond prices may go up or down in response to interest rates with increases in interest rate leading to falling bond prices.

The market prices of bonds and other fixed income securities are also affected by credit risks, such as risk of default by issuers and liquidity risk.

9.2.2 Derivatives risks

The Fund may, subject to applicable investment guidelines in the Code and the Deed, from time to time invest in derivatives such as futures, options, warrants, forwards and swaps, which are financial contracts whose value depends on, or is derived from, the value of an underlying asset, reference rate or index for hedging purposes or for the purpose of efficient portfolio management. Such assets, rates and indices may include bonds, shares, interest rates, currency exchange rates, bond indices and stock indices.

While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. Some of the risks associated with derivatives are market risk, management risk, credit risk, liquidity risk and leverage risk.

As the viability of exercising derivative instruments depends on the market price of the investments to which they relate, it may be the case that we may from time to time consider it not viable to exercise certain derivatives held by the Fund within the prescribed period, in which case any costs incurred in obtaining the derivatives will not be recoverable. There is also the risk that the market price of the relevant investment will not exceed the exercise price attached to the derivative instrument at any time during the exercise period or at the time at which the warrants or options are exercised and this may result in an immediate loss to the Fund.

Derivative instruments are highly volatile instruments and their market values may be subject to wide fluctuations and may subject the Fund to potential gains and losses. Where such instruments are used, we will ensure that the risk management and compliance procedures and controls adopted are adequate and that we have the necessary experience to manage the risks relating to the use of these financial derivative instruments. We will attempt to minimise the risks through careful selection of reputable counterparties and constant monitoring of the Fund's derivatives positions. Depending on the severity, non-compliance or deviation from established controls or limits will be escalated to senior management and monitored for rectification. We may modify the risk management and compliance procedures from time to time, where appropriate and in the interest of the Fund. We have a dedicated team which oversees portfolio risk management.

Additionally, all open positions/exposure in derivatives will be marked to market at a frequency of at least equal to the frequency of the Net Asset Value calculation of the Fund.

We have a structured Compliance Monitoring Program (“**CMP**”). There is a dedicated compliance team to implement the CMP. Our investment compliance team separately monitors the portfolios for compliance with the investment guidelines. Investment guidelines will be reviewed by the investment compliance team and checks will be programmed into our automated pre-trade compliance system as far as possible. In addition, guidelines which cannot be electronically monitored will be manually checked for compliance. We may modify the risk management and compliance procedures and controls at any time as we deem fit and in the interests of the Fund. The global exposure of the Fund to financial derivatives or embedded financial derivatives will not exceed 100% of the Net Asset Value of the Fund at any time. We currently use the commitment approach as described in Appendix 1 of the Code to determine the Fund's exposure to financial derivatives. In determining the Fund's exposure to financial derivatives, we will adopt the calculation methods set out under paragraph 4.10 of Appendix 1 of the Code.

In addition to the provisions on derivatives as set out in Appendix 1 of the Code, the Fund shall comply with Annex 1 of the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of the Fund as Excluded Investment Products and prescribed capital markets products.

9.2.3 Currency risks

As the investments of the Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the base currency of the Fund (i.e. the Singapore Dollar) may affect the value of Units. We may from time to time employ currency hedging techniques to manage the impact of the exchange rate fluctuations on the Fund and/or for the purpose of efficient portfolio management. We do not currently hedge the currency exposure of the Fund but if we do, we intend to use an active approach in respect of such currency hedging. You should hence note that as the Fund is not currently fully hedged, the Fund will be subject to currency risks.

9.2.4 Concentration risks

The Fund may be subject to concentration risks as it invests primarily in securities of companies incorporated in, operating principally from, or deriving significant business presence or risk exposure from, Singapore. This could result in a higher risk to the investments of the Fund due to lack of diversification.

The Fund could also experience concentration risks as the Fund may, in certain circumstances as described in Paragraph 7.3 above, exceed the single entity limit specified in paragraph 2.1(a) of Appendix 1 of the Code. To address the concentration risk and to comply with regulatory limits governing single stock cum group exposure, we will cap the single entity limit and overall group limit at 22% and 25% respectively. Please refer to Paragraph 7.3 above for more information.

9.2.5 Other risks

The Fund's investments are also subject to liquidity and regulatory risks.

The risk of investing in companies in the emerging markets will be higher than that encountered when investing in companies in developed markets. The Fund's investments in emerging economies are subject to regulatory risks, for example, the introduction of new laws, the imposition of exchange controls, the adoption of restrictive provisions by individual companies or where a limit on the holding of the Fund in a particular company, sector or country by non-residents (individually or collectively) has been reached.

Also, some markets may be less liquid and the limited liquidity of these markets may therefore affect the Fund's ability to acquire or dispose of securities at the time and price it desires.

Liquidity Risk Management

We have established liquidity risk management policies which enable us to identify, monitor, and manage the liquidity risks of the Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders, and safeguard the interests of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

Our liquidity risk management policies take into account the Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) The Fund may, subject to the provisions of the Deed, borrow up to 10% of its latest available Net Asset Value (or such other percentage as may be prescribed by the Code) at the time the borrowing is incurred and the borrowing period should not exceed one month, provided always and subject to the borrowing restrictions in the Code;

- (b) We may, pursuant to the Deed, suspend the realisation of Units of the Fund, with the approval of the Trustee;
- (c) We may, with the approval of the Trustee, and pursuant to the Deed, limit the total number of Units in relation to the Fund which Holders may realise to 10% of the total number of Units of the Fund then in issue, such limitation to be applied proportionately to all Holders in relation to the Fund who have validly requested realisations on the relevant Dealing Day; and
- (d) We may, with a view to protecting the interests of all Holders, and pursuant to the Deed, elect that the Realisation Price (as defined in paragraph 12.3 of this Prospectus) in relation to all of the Units to be realised by reference to a relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property, and we may suspend the realisation of such Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days after the relevant Day. Please refer to paragraph 12.3 of this Prospectus for further details.

We may perform regular stress testing on the Fund.

Factors considered in stress tests (either independently or concurrently) include:-

- (i) a sudden increase in redemptions;
- (ii) worsening of market liquidity for the underlying assets of the Fund; and
- (iii) redemption by the largest Holder / distributor of the Fund.

Our stress testing scenarios consider historical situations and forward-looking hypothetical scenarios, where appropriate.

The reasonableness and relevance of our stress test assumptions are regularly reviewed to ensure that stress tests are based on reliable and up-to-date information.

The above should not be considered to be an exhaustive list of the risks which you should consider before investing in the Fund. You should be aware that an investment in the Fund may be exposed to other risks of an exceptional nature from time to time.

10. Subscription of Units

10.1 Subscription procedure

Applications for Units may be made to us on the application form prescribed by us, through any of our appointed agents or distributors, or through any other sales channel, if applicable.

You have a choice of paying for SGD Class Units, SGD Class (Decumulation) Units and SGD Class (QDistribution) Units with cash or Supplementary Retirement Scheme (“**SRS**”) monies. If you have purchased SGD Class Units, SGD Class (Decumulation) Units or SGD Class (QDistribution) Units using your SRS monies, you may not be registered as Joint Holders of the Units.

If you are paying with SRS monies, you shall instruct the relevant SRS operator bank to withdraw monies from your SRS account in respect of the SGD Class Units, SGD Class (Decumulation) Units or SGD Class (QDistribution) Units applied for. You should also indicate on the application form that you wish to use your SRS monies to purchase SGD Class Units, SGD Class (Decumulation) Units or SGD Class (QDistribution) Units.

No transfer is permitted in respect of Units purchased by a Holder with SRS monies, unless required or permitted by applicable laws or the relevant authorities.

You may pay for USD Class Units only with cash.

Notwithstanding receipt of the application forms, we shall retain the absolute discretion to accept or reject any application for Units in accordance with the provisions of the Deed. If your application for Units is rejected by us, the application monies shall be refunded (without interest) to you within a reasonable time in such manner as we or relevant authorised distributor shall determine.

Any applicable bank and related charges incurred shall be borne by you.

Units will only be issued when the funds are cleared, although we may at our discretion issue Units before receiving full payment in cleared funds.

We will not issue certificates.

10.2 Initial Issue Price and Initial Offer Period

SGD Class (Decumulation) Units and SGD Class (QDistribution) Units will be offered at the initial issue price of S\$1.000 per Unit or such other price as may be agreed between us and the Trustee (the **“Initial Issue Price”**) during the initial offer period for the relevant Class which will commence during the validity of this Prospectus for a period not exceeding 60 days (or such longer period as may be agreed between us and the Trustee) and commencing and ending on such dates as may be determined by the Managers (the **“Initial Offer Period”**).

Applications must be received before 3 p.m. Singapore time on the last Business Day³ of the Initial Offer Period for the relevant Class. You will get the number of SGD Class (Decumulation) Units and SGD Class (QDistribution) Units, as the case may be, (including fractions of the relevant Class) to be rounded to the nearest 2 decimal places (or such other number of decimal places or such other method of rounding as we may determine with the approval of the Trustee) obtained from dividing the Investment Sum (after deducting the relevant preliminary charge) by the Initial Issue Price of the relevant Class.

We reserve the right not to issue SGD Class (Decumulation) Units or SGD Class (QDistribution) Units if we are of the opinion that it is not in your interest or not commercially economical to proceed with the relevant Class, or if the capital raised for the relevant Class as at the close of the Initial Offer Period is below S\$10 million. In such event, the relevant Class shall be deemed not to have commenced and we may notify and return the application monies received (without interest) to you no later than 14 Business Days after the close of the Initial Offer Period (or such other period as we may determine) for the relevant Class. Any bank charges incurred in relation to the above will be borne by you.

10.3 Minimum Initial Subscription, Minimum Subsequent Subscription, Minimum Holding and Regular Savings Plan

Class	Minimum Initial Subscription	Minimum Subsequent Subscription	Minimum Holding ⁴	Regular Savings Plan*

⁴ Please refer to paragraph 12.2 for more details on Minimum Holding.

10.4 Dealing deadline and pricing basis

10.4.1 Dealing deadline

As Units (except for SGD Class (Decumulation) Units and SGD Class (QDistribution) Units during the Initial Offer Period for the relevant Class) are issued on a forward pricing basis, the issue price ("**Issue Price**") of Units shall not be ascertainable at the time of application. In purchasing Units, you pay a fixed amount of money e.g., S\$1,000. Based on this fixed amount of S\$1,000 you will get the number of Units (including fractions of Units) to be rounded to the nearest 2 decimal places (or such other number of decimal places or such other method of rounding as we may determine with the approval of the Trustee) obtained from dividing S\$1,000 (after deducting the relevant preliminary charge) by the Issue Price when it has been ascertained later.

The dealing deadline is 3 p.m. Singapore time on each Dealing Day. Units in respect of applications received and accepted by us before the dealing deadline will be issued at that Dealing Day's Issue Price calculated in accordance with Clause 13(B) of the Deed.

Applications received after the dealing deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

"**Dealing Day**" shall mean every Business Day or such Business Day or Business Days at such intervals as we may from time to time determine with the approval of the Trustee. Provided That reasonable notice of any such determination shall be given by us to all Holders at such time and in such manner as the Trustee may approve.

10.4.2 Pricing basis

The Issue Price per Unit applicable to any Dealing Day (apart from the initial issue of the SGD Class (Decumulation) Units and SGD Class (QDistribution) Units) shall be ascertained by us by:

- (i) determining the value equal to the Net Asset Value per Unit (as defined in Paragraph 20.7.2 of this Prospectus) at the close of business Singapore time (or such other time as we may from time to time determine with the approval of the Trustee and we shall notify the Holders of such change if required by the Trustee) on the relevant Dealing Day; and
- (ii) adjusting such figure downwards to three decimal places (or such other number of decimal places as we may from time to time determine after consultation with the Trustee).

The Issue Price will vary from day to day in line with the Net Asset Value of the Fund (calculated in accordance with the provisions of the Deed).

The preliminary charge shall be retained by us and the amount of the adjustment aforesaid shall be retained by the Fund.

We may, subject to the prior written approval of the Trustee, change the method of determining the Issue Price, and the Trustee shall determine if the Holders should be informed of such change.

10.5 Numerical example of how Units are allotted:

The number of Units you receive with an investment of \$1,000* in the Fund at a notional Issue Price of S\$1.000 (assuming a preliminary charge of 4%) will be calculated as follows:

\$1,000*	-	\$40*	=	\$960*	/	\$1.000*	=	960.00 Units
Your investment		Preliminary Charge (4%)		Investment amount after preliminary charge		Notional Issue Price (= Net Asset Value per Unit)		No. of Units subscribed

* In Singapore Dollars or US Dollars, as the case may be .

You should note that the notional Issue Price is for illustrative purposes only and is not indicative of any future or likely performance of the Fund.

10.6 Confirmation of purchase

A confirmation note detailing your investment amount and the number of Units allocated to you in the Fund will be sent to you within ten (10) Business Days from the date of issue of such Units.

10.7 Cancellation of Units

If you are subscribing for Units in the Fund for the first time, subject to Clause 14A of the Deed and to the cancellation terms and conditions contained in the Notice to Cancel Form, you have the right to cancel your subscription of Units within 7 calendar days from the date of subscription of Units (or such longer period as may be agreed between us and the Trustee or such other period as may be prescribed by the MAS) by providing notice in writing to us or our authorised distributors. Subject to the provisions of the Deed, you will be refunded the original amount paid by you (in the case of cancellation requests received during the Initial Offer Period of a Class), or the lower of the market value of the Units held on the day of receipt and acceptance of such form or the original amount paid by you (in the case of cancellation requests received after the close of the Initial Offer Period of a Class). Where the market value of the Units held is greater than the original amount paid by you, we are not obliged to pay the excess amount to you and the excess amount shall be retained in the Fund. Any applicable bank and related charges incurred in the cancellation of Units and in returning the application monies would be borne by you.

Full details relating to the cancellation of Units may be found in the cancellation terms and conditions contained in the Notice to Cancel Form.

11. Regular Savings Plan

Holders of at least 1,000 Units (or the number of Units which were or would have been purchased for S\$1,000 (in the case of SGD Class Units, SGD Class (Decumulation) Units and SGD Class (QDistribution) Units) or US\$1,000 (in the case of USD Class Units) at the prevailing Issue Price at the time of their initial subscription or purchase of Units) in the Fund may participate in our Regular Savings Plan by investing a monthly minimum sum of S\$100 (in respect of SGD Class Units, SGD Class (Decumulation) Units and SGD Class (QDistribution) Units) or US\$100 (in respect of USD Class Units) on a fixed day per month through direct debit. Units are allotted and payment will be debited from the Holder's bank account or SRS account on the 25th day of each month (or such other day as the distributors may stipulate) commencing on the month following activation of the Holder's direct debit instructions. Where the 25th day of a month (or such other day as the distributors may stipulate) is not a Business Day in Singapore, the Holder's bank account or SRS account will be debited on the next Business Day.

USD Class Units may not be paid using SRS monies. USD Class Units shall be paid for using cash or such other mode of payment acceptable to us. Any applicable bank and related charges incurred shall be borne by the Holder.

A Holder may terminate his participation in the Regular Savings Plan without penalty upon giving thirty (30) days' prior written notice to us (or such other period of notice as may be determined by us provided that such period of notice shall not be longer than the period between the regular subscriptions) to us or our appointed agents or distributors.

If a Holder is in breach of his obligations under the Regular Savings Plan or fails to maintain sufficient funds in his bank account or SRS account, we may terminate the participation of that Holder in the Regular Savings Plan upon serving a termination notice to such Holder.

We shall not assume any liability for any losses arising from the Holder's payment for the Regular Savings Plan via direct debit transactions. Any applicable bank and related charges incurred shall be borne by the Holder.

12. Realisation of Units

12.1 Realisation procedure

Holders may realise their holdings in the Fund on any Dealing Day by submitting realisation forms to us or through any of our appointed agents or distributors. A copy of the realisation form may be obtained from us upon request or through any of our appointed agents or distributors. Holders may realise their Units in full or partially, subject to paragraph 12.2 below.

You should note that any realisation of Units may be limited by the total number of Units to be realised on any Dealing Day and may not exceed 10% of the total number of Units then in issue, such limitation to be applied proportionately to all Holders. Any Units not realised shall be realised on the next Dealing Day, subject to the same limitation. You should note that Units cancelled according to paragraph 10.7 above will be included in determining whether this 10% limit is exceeded.

12.2 Minimum holding and minimum realisation amount

12.2.1 Minimum holding

The minimum holding for each Class is set out as follows or shall be such other number or amount as may from time to time be determined by us upon giving prior notice to the Trustee:

Class	Minimum Holding
SGD Class Units	1,000 Units
USD Class Units	1,000 Units
SGD Class (Decumulation)	1,000 Units
SGD Class (QDistribution)	1,000 Units

12.2.2 Minimum realisation amount

The minimum realisation amount for each Class is set out as follows or shall be such lower amount as we may in any particular case or generally determine:

Class	Minimum realisation amount
SGD Class Units	100 Units
USD Class Units	100 Units
SGD Class (Decumulation)	100 Units
SGD Class (QDistribution)	100 Units

12.3 Dealing deadline and pricing basis

As Units are realised on a forward pricing basis, the realisation price of Units is not ascertainable at the time of realisation. Units in respect of realisation forms received and accepted by us by the dealing deadline of 3 p.m. Singapore time on a Dealing Day shall be realised at that Dealing Day's realisation price calculated in accordance with Clause 15(E) of the Deed. Realisation forms received after the dealing deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The realisation price ("**Realisation Price**") shall be ascertained by:

- (i) calculating the Net Asset Value per Unit as at the close of business Singapore time (or such other time as we may from time to time determine with the approval of the Trustee and we shall notify the Holders of such change if required by the Trustee) in respect of the Dealing Day on which the realisation request is received or, if the realisation of Units is suspended according to Clause 15(E)(ii) of the Deed, in respect of the Dealing Day immediately following the cessation of such suspension; and

- (ii) adjusting the resultant figure downwards to three decimal places (or such other number of decimal places as we may from time to time determine after consultation with the Trustee).

We may, subject to the prior written approval of the Trustee, change the method of determining the Realisation Price and the Trustee shall determine if the Holders should be informed of such changes.

The realisation charge (if any) shall be retained by us and the amount of the adjustment aforesaid shall be retained by the Fund.

You should note that if the number of Units in issue or deemed to be in issue immediately after any relevant day, after taking into account the realisations and issues to be made by reference to that relevant day, would be less than such proportion of the number of Units in issue or deemed to be in issue on that relevant day (the “**Threshold**”), we may, with a view to protecting the interests of all Holders, elect that the Realisation Price in relation to all (but not some only) of the Units to be realised by reference to that relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property (“**Fair Value Adjustment**”).

Fair Value Adjustment may be applied by us so that any Fiscal and sale charges⁵ and dealing spreads incurred in the sale of a material proportion of the Investments of the Deposited Property are, as far as practicable, passed on to Holders who are realising Units on that relevant day.

The Threshold for the application of the Fair Value Adjustment may be determined by us from time to time but shall not exceed 90%. The Threshold will be set with the objective of protecting the Holders’ interest and Holders will not be able to benefit from the application of the Fair Value Adjustment if the Threshold is not met.

We may suspend the realisation of those Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days after the relevant day.

For the purposes of this paragraph, the “**fairer value**” for the Deposited Property shall be determined by us in consultation with a Stockbroker⁶ or an approved valuer and upon notification to the Trustee. The “**material proportion**” of the Investments means such proportion of the Investments which when sold will cause the reduction of the net asset value of the Deposited Property. In determining the fairer value for the Deposited Property, we may take into account (i) any Fiscal and sale charges incurred in the sale of Investments constituting the Deposited Property, (ii) the spread between the buying and selling prices of such Investments caused by realisation of Units; (iii) market conditions such as financial turmoil, high market volatility, illiquidity in the markets, disruption of markets or a serious pandemic, and (iv) such other conditions as we shall deem fit. The Realisation Price of the Units to be realised by reference to that relevant day may be adjusted upwards or downwards after taking into account such fairer value for the Deposited Property.

⁵ “**Fiscal and sale charges**” means all stamp and other duties, taxes, governmental charges, brokerage, bank charges, transfer fees, registration fees and other duties and charges whether in connection with the constitution of the Deposited Property or the increase of the Deposited Property or the sale or purchase of Investments or otherwise which may have become or may be payable in respect of or prior to or upon the occasion of the transaction or dealing in respect of which such duties and charges are payable but does not include commission payable to agents on sales and repurchases of Units.

⁶ “**Stockbroker**” means a member of the SGX-ST.

12.4 Numerical example of how the amount paid to you is calculated, based on the realisation of 100 Units of the Fund at a notional Realisation Price of \$1.000*:

100	x	\$1.000*	=	\$100.00*
No. of Units		Notional Realisation Price (= Net Asset Value per Unit)		Gross Realisation proceeds
\$100*	-	Nil [^]	=	\$100*
Gross Realisation proceeds		Realisation Charge		Net Realisation proceeds

*In Singapore Dollars or US Dollars, as the case may be.

You should note that the notional Realisation Price is for illustrative purposes only and is not indicative of any future or likely performance of the Fund. [^]No Realisation Charge is currently imposed.

12.5 Payment of realisation proceeds

Realisation proceeds shall be paid within 7 Business Days (or such other period as may be permitted by the Authority) of receipt and acceptance of the realisation form by us unless the realisation of Units has been suspended in accordance with Paragraph 15 of this Prospectus.

If you are resident outside Singapore we shall be entitled to deduct from the total amount which would otherwise be payable on the purchase from you an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if you had been resident in Singapore.

Any applicable bank and related charges incurred in the payment of realisation proceeds shall be borne by you.

12.6 Realisation of Units by Us

We may compulsorily realise your holding of Units in certain circumstances. Please see paragraph 20.6 for further details.

13. Switching

We may at our discretion and on such terms and conditions as we may impose, subject to the terms of the relevant trust deeds, permit each Holder of Units of the Original Class from time to time to switch all or any of the Units of the Original Class held by him into units of a New Class or New Fund. Any switching shall be effected by way of realisation of Units and followed by issuance of units in the New Class or New Fund (as the case may be) subject to the terms of the relevant trust deed upon the receipt of cleared funds.

No switching of Units may be made which would result in the relevant Holder holding in respect of either the Original Class or the New Class or the New Fund (as the case may be), fewer units than the relevant minimum holding of such fund or class of such fund (as the case may be). If the number of units of the New Class or New Fund (as the case may be) so produced shall include any fraction of more than two decimal places, such fraction shall be ignored and any moneys arising from such fraction shall be forfeited and retained as part of the New Class or New Fund (as the case may be).

Units purchased with cash or SRS monies may only be switched to units of the New Class or New Fund (as the case may be) purchased with cash or SRS monies respectively.

Switching shall only be permitted between the same currency of units between the Original Class and the new Class or the New Fund (as the case may be), unless otherwise permitted by us at our absolute discretion.

An application to switch may be made by a Holder by giving us such application form as we may from time to time require. Such switching request shall not be revocable without our consent.

No Units shall be switched during any period when the right of Holders to require the realisation of Units is suspended according to Paragraph 15 of this Prospectus or on any Dealing Day on which the number of Units that can be realised is limited according to Paragraph 12.1 of this Prospectus.

14. Obtaining Prices of Units

The Units will be valued daily on each Dealing Day. The indicative prices for each of the Classes of Units are quoted on a forward pricing basis and will likely be available 2 Business Days in Singapore after each relevant Dealing Day (subject to the publication policies of the relevant publisher). The prices will be published on our website at www.lionglobalinvestors.com. The prices may also be published in The Straits Times, The Business Times and selected major wire services or such other sources as we may decide upon.

In the case of the USD Class, the Issue Price and Realisation Price will be converted into its equivalent amount in US Dollars based on the prevailing foreign exchange rate to be determined by us.

You should note that, other than in respect of our publications, we do not accept any responsibility for any errors on the part of the relevant publisher in the prices published in the newspapers and wire services mentioned above or for any non-publication or late publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by you in reliance upon such publications.

15. Suspension of Dealing

15.1 Subject to the provisions of the Code relating to suspension of dealings, we may, with the approval of the Trustee, suspend the issue, realisation and valuation of Units during:

- (i) any period when the SGX-ST on which any Investments forming part of the deposited property for the time being are listed or dealt in is closed or during which dealings are restricted or suspended;
- (ii) the existence of any state of affairs which, in our opinion might seriously prejudice the interest of the Holders as a whole or of the deposited property;
- (iii) any breakdown in the means of communication normally employed in determining the price of any of such Investments or the current price on the SGX-ST or when for any reason the prices of any of such Investments cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);
- (iv) any period when remittance of money which will or may be involved in the realisation of such Investments or in the payment for such Investments cannot, in our opinion, be carried out at normal rates of exchange;
- (v) any 48 hour period (or such longer period as we and the Trustee may agree) prior to the date of any meeting of Holders (or any adjournment thereof);
- (vi) any period where dealing of Units is suspended pursuant to any order or direction of the MAS or such other relevant authority;
- (vii) any period when our business operations or the business operations of the Trustee in relation to the operation of the Fund are substantially interrupted or ceased as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God; or
- (viii) any period as may be required by the Code.

15.2 Subject to the provisions of the Code relating to suspension of dealings, such suspension shall take effect forthwith upon the declaration thereof by us and shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other condition under which suspension is authorised under this Paragraph 15 shall

exist. Subject to the provisions of the Code, we may also suspend the realisation of certain Units for such reasonable period as may be necessary to effect an orderly realisation of Investments in accordance with Clause 15(F)(ii) of the Deed.

17. Soft Dollar Commissions/Arrangements

We shall be entitled to and currently do receive or enter into soft-dollar commissions/arrangements in respect of the Fund. We will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions/arrangements which we may receive or enter into include specific advice as to the advisability of dealing in or as to the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis, and custodial service in relation to the investments managed for our clients.

Soft-dollar commissions received shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

We will not accept or enter into soft-dollar commissions/arrangements unless such soft-dollar commissions/arrangements would reasonably assist us in our management of the Fund, provided that we shall ensure at all times that best execution is carried out for the transactions and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements.

18. Conflicts of Interest

We and the Trustee are not in any positions of conflict in relation to the Fund. We and the Trustee shall conduct all transactions with or for the Fund at arm's length. We are of the view that we are not in a position of conflict in managing our other funds and the Fund as each of the funds and the Fund has its own investment universe, investment objectives and investment restrictions, separate and distinct from each of the other funds. We are obligated by the provisions of each respective trust deed to observe strictly such separate and distinct investment mandate for each of the funds. If the various funds place orders for the same securities as the Fund, we shall try as far as possible to allocate such securities among the funds in a fair manner based on a proportionate basis.

Our affiliates and the Trustee's affiliates are or may be involved in other financial, investment and professional activities which may sometimes give rise to possible conflict of interest with the management of the Fund. We and the Trustee will each ensure that the performance of our respective duties will not be impaired by any such involvement. If a conflict of interest does arise, we and/or the Trustee will try to ensure that it is resolved fairly and in the interest of the Holders.

¹⁰ The expense ratio is calculated in accordance with the requirements in the Investment Management Association of Singapore's guidelines on the disclosure of expense ratios (the "IMAS Guidelines") and based on figures in the Fund's latest audited accounts. The following expenses (where applicable), and such other expenses as may be set out in the IMAS Guidelines (as may be updated from time to time), are excluded from the calculation of the expense ratio:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) interest expense;
- (c) foreign exchange gains and losses of the Fund, whether realised or unrealised;
- (d) front-end loads, back-end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund;
- (e) tax deducted at source or arising on income received, including withholding tax; and
- (f) dividends and other distributions paid to Holders.

¹¹ The turnover ratio is calculated based on the lesser of purchases or sales of underlying investments of the Fund expressed as a percentage of daily average Net Asset Value of the Fund.

Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Fund or buy, hold and deal in any investments, enter into contracts or other arrangements with the Trustee and make profits from these activities. Our associates may also be engaged to provide financial, banking or brokerage services to the Fund and make profits from these activities. Such services, where provided, and such activities, where entered into, by our associates or the associates of the Trustee, will be on an arm's length basis.

19. Reports

Financial year-end and distribution of reports and accounts

The financial year-end for the Fund is 31 December. We will prepare and send the annual report, annual accounts, and the Auditors' report on the annual accounts of the Fund to Holders (whether by post or such electronic means as may be permitted under the Code) within 3 months of the financial year-end (or such other period as may be permitted by the MAS). We will prepare and send the semi-annual accounts and semi-annual report of the Fund to Holders (whether by post or such electronic means as may be permitted under the Code) within 2 months of the financial half-year end, i.e. 30 June (or such other period as may be permitted by the MAS). In cases where the accounts and reports are available in electronic form, Holders will receive a hardcopy letter or an email (where email addresses have been provided for correspondence purposes) informing them that the accounts and reports are available and how they may be accessed. Holders may also request for hardcopies of the accounts and reports within 1 month (or such other period as may be permitted by the MAS) from the notification of the availability of the accounts and reports. The Trustee will also make available, or cause to be made available, hardcopies of the accounts and reports to any Holder who requests for them within 2 weeks of any request from such Holder (or such other period as may be permitted by the MAS). Holders may also at any time opt for hardcopies for all future reports and accounts at no cost to them.

20. Other Material Information

20.1 Information on investments

At the end of each quarter, Holders will receive a statement showing the value of their investment, including any transactions during the quarter. However, if there is any transaction within a particular month, Holders will receive an additional statement for that month.

20.2 Distribution of income and capital

20.2.1 Distribution of income and/or net capital gains and/or, in respect of SGD Class (Decumulation) and SGD Class (QDistribution), capital (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made (whether out of income, net capital gains and/or capital) will reduce the Net Asset Value of the relevant Class and any distributions out of capital may amount to a return or withdrawal of a part of a Holder's original investment. Distributions out of capital may cause the Net Asset Value of the relevant Class to drop below the minimum Class size as set out in Paragraph 20.8.3 below. In such a scenario, we have the absolute discretion to terminate the relevant Class in accordance with the Deed.

Our current distribution policy for the SGD Class (Decumulation) Units is to declare 0.5% per month (6.00% per annum) of the Net Asset Value of the Class on a monthly basis or such other percentage to be determined by us at our sole discretion.

Our current distribution policy for the SGD Class (QDistribution) Units is to make a distribution at the end of every quarter, on or around 31 March, 30 June, 30 September and 31 December of every year.

For the avoidance of doubt, the SGD Class Units and USD Class Units will reinvest all income received and will not make any distributions.

You should note that the reference to a distribution rate sought to be achieved in respect of a Class is not and should not be interpreted to be a prediction, projection or forecast as to the future or likely performance of the relevant Class or the Fund.

For the avoidance of doubt, there is no guarantee, assurance and/or certainty that our distribution policies as described above will be achieved.

- 20.2.2** Unless specifically instructed by a Holder giving 30 days' notice in advance or any other period as permitted by us, in the event that the net amount of distributions is less than S\$50, a Holder shall be deemed to have given a Distribution Reinvestment Mandate for the automatic reinvestment of such distributions to be received by the Holder in the purchase of further Units (including fractions of Units, if any) of the relevant Class, subject to our discretion to pay out such distributions in cash. Units will be purchased based on the Net Asset Value of the relevant Class of the Fund on the Dealing Day on or before the distribution payment is made.
- 20.2.3** Where a distribution payment has been made to a Holder via cheque and such cheque has expired (i.e. the cheque is not presented within six months of its date of issue), unless specifically instructed in writing by the Holder giving 30 days' notice in advance or any other period as permitted by us, the distribution payment made shall be automatically reinvested into new Units (including fractions of Units, if any) of the relevant Class, subject to our discretion to pay out such distributions in cash. The new Units will be purchased based on the Net Asset Value of the relevant Class of the Fund on the third Dealing Day after the expiry date of the cheque. In addition, any subsequent distributions payable to such Holder shall be automatically reinvested into new Units (including fractions of Units, if any) of the relevant Class on the relevant payment date of the distribution in accordance with Clauses 18(D) and 18(E) of the Deed.
- 20.2.4** Paragraphs 20.2.1 to 20.2.3 will not apply to distributions payable in respect of Units subscribed using cash through any of our agents or distributors or using SRS monies.
- 20.2.5** Please refer to the Deed for further details.

20.3 Exemptions from liability

- 20.3.1** We and the Trustee shall incur no liability in respect of any action taken or thing suffered by us/them in reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganisation or other paper or document believed to be genuine and to have been passed, sealed or signed by the proper parties.
- 20.3.2** We and the Trustee shall incur no liability to the Holders for doing or (as the case may be) failing to do any act or thing which by reason of any provision of any present or future law or regulation made according thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (whether legally or otherwise) either us or the Trustee or any of us shall be directed or requested to do or perform or to forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Deed neither the Trustee nor us shall be under any liability therefor or thereby.
- 20.3.3** Neither the Trustee nor us shall be responsible for any authenticity of any signature or of any seal affixed to any transfer or form of application, endorsement or other document affecting the title to or transmission of Units or be in any way liable for any forged or unauthorised signature on or any seal affixed to such endorsement, transfer or other document or for acting upon or giving effect to any such forged or unauthorised signature or seal. We and the Trustee respectively shall nevertheless be entitled but not bound to require that the signature of any Holder to any document required to be signed by him under or in connection with the Deed shall be verified to its or their reasonable satisfaction.
- 20.3.4** Any indemnity expressly given to the Trustee or us in the Deed is in addition to and without prejudice to any indemnity allowed by law; Provided Nevertheless That any provision of the Deed shall be void insofar as it would have the effect of exempting the Trustee or us from or indemnifying them or us against any liability for breach of trust or any liability which by virtue of any rule of law would otherwise attach to them or us

in respect of any negligence, default, breach of duty or trust of which they or we may be guilty in relation to their or our duties where they or we fail to show the degrees of diligence and care required of them or us having regard to the provisions of the Deed.

- 20.3.5** Nothing contained in the Deed shall be construed so as to prevent us and the Trustee in conjunction or us or the Trustees separately from acting as managers or trustees of trusts separate and distinct from the Fund.
- 20.3.6** The Trustee and its associates is/are or may be involved in other financial, investment and professional activities which may on occasion cause conflict of interest within the management of the Fund. Associates of the Trustee may be engaged to provide banking, brokerage or financial services to the Fund, including but not limited to trustee and custodial and registrar services; or buy, hold and deal in any investments; enter into contracts or other arrangements with the Trustee; serving as directors, officers, advisers or agents of other funds or other companies, including companies in which the Fund may invest, and make profits from these activities. Such services or activities when provided or undertaken, will be on an arm's length basis. The Trustee will ensure that the performance of its duties will not be impaired by any such involvement that it may have. If a conflict of interest does arise, the Trustee shall try to ensure that it is resolved fairly and in the interest of Holders.
- 20.3.7** The Trustee shall not be under any liability on account of anything done or suffered by the Trustee in good faith in accordance with or in pursuance of our request or advice.
