² For ILP sub-fund that feeds 100% into an underlying CIS fund, some of the information provided below could be similar to the underlying CIS fund.

<ul style="list-style-type: none"> • Stocks with strong growth potential are selected on an individual stock selection basis by a dedicated team of portfolio managers, drawing on their own research and that of other investment teams at Baillie Gifford. • Investments in Emerging Market Countries may be acquired subject to a limit of 50% of the net asset value of the Underlying Fund. • In relation to investment in China, the Underlying Fund may have exposure to China “A” shares directly via the Stock Connects, or indirectly via investments in structured notes, participation notes, equity-linked notes or eligible collective investment schemes that invest primarily in China “A” shares, structured notes, participation notes, equity-linked notes and similar financial instruments where the underlying assets consist of securities issued by companies quoted on Regulated Markets in China, and/or the performance of which is linked to the performance of securities issued by companies quoted on Regulated Markets in China. • The Underlying Fund will not invest more than 10% of its net asset value in units or shares of eligible collective investment schemes, including exchange traded funds. • The Underlying Fund may invest in currency forwards to reduce currency risk but not to take active positions on currency. Such use will be for efficient portfolio management purposes. • The Underlying Fund may only use financial derivative instruments for efficient portfolio management purposes. <p>The Underlying Fund is expected to experience high volatility at times as a result of its investment strategies.</p>	<p>Underlying Fund’s Prospectus for further information on the investment strategy.</p>
Parties Involved	
<p>WHO ARE YOU INVESTING WITH?</p> <ul style="list-style-type: none"> • Investment-Linked Plan Provider is Etiqa Insurance Pte. Ltd. • The ILP sub-fund manager is Baillie Gifford Investment Management (Europe) Limited • The Depositary of the Underlying Fund is Brown Brothers Harriman Trustee Services (Ireland) Limited. 	<p>Please refer to the “Management and Administration” section of the Underlying Fund’s Prospectus and the “Information on the Custodian” section in the Investment-Linked Pricing of Units, a supplement to Product Summary for further information on the role and responsibilities of these entities.</p>
KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT?</p> <p>Investment markets can go down as well as up and market conditions can change rapidly. The value of an investment in the Underlying Fund, and any income from it, can fall as well as rise and you may not get back the amount invested.</p>	<p>Please refer to the “Risk Factors” section of the Underlying Fund’s Prospectus for further information on the key risks.</p>
Market and Credit Risks	
<p>You are exposed to investment risk.</p> <p>There can be no assurance that the Underlying Fund will achieve its investment objective. An investment in the Underlying Fund involves investment risks, including possible loss of the amount invested. Therefore, the Underlying Fund’s returns may be expected to fluctuate in response to changes in capital appreciation or income. Consequently, the investment is suitable only for investors who are in a position to take such risks and to adopt a long-term approach to their investment strategy.</p> <p>You are exposed to political risks. The performance of the Underlying Fund may be affected by changes in economic and market conditions, uncertainties such as political developments, military conflict and civil unrest, changes in government policies, government appropriations, the imposition of restrictions on the transfer of capital and in legal, regulatory and tax requirements.</p>	

<p>You are exposed to currency risks. The Underlying Fund has exposure to foreign currencies and changes in the rates of exchange will cause the value of any investment, and income from it, to fall as well as rise and you may not get back the amount invested.</p>			
Liquidity Risks			
<p>The Underlying Fund is not listed. There is no secondary market for the Underlying Fund.</p>			
Product-Specific Risks			
<p>You are exposed to concentration risk. The Underlying Fund has a concentrated portfolio, which may result in large movements in the share price in the short term. It will not enjoy the same level of diversification of risks across different markets, countries, types of investment and/or issuers that would be possible if investments were not so concentrated. Such a concentration of investments could increase the potential for volatility and risk of loss, especially in periods of pronounced market volatility.</p> <p>You are exposed to counterparty and settlement risk. The Underlying Fund will be exposed to a credit risk on parties with whom it trades and may also bear the risk of settlement default.</p> <p>You are exposed to custody risks. Custody of assets, particularly in emerging markets, involves a risk of loss if a custodian becomes insolvent or breaches duties of care.</p> <p>You are exposed to emerging markets risk. The Underlying Fund invests in emerging markets where difficulties in trading could arise, resulting in a negative impact on the value of your investment.</p>
