## 2 Our Responsibilities

This is a Non-participating unit-deducting rider that accelerates the Death Benefit of the Basic policy if the Life insured is diagnosed with any of the covered 36 severe-stage critical illnesses while the rider is in force. At the rider Expiry date, if We have not paid out any claims, this rider will end and no Benefits will be payable.

Your rider covers the Benefits described below.

**This Provisions should be read together with the Provisions of the Basic policy where the terms under the Basic policy will also apply to this Provision.**

### 2.1 Covered Events

If Your policy is valid and a covered event happens, We will pay You the Benefits less any amounts You owe Us on this policy. The covered events of Your policy are written on the Policy Information Page.

## 3 Your Responsibilities

### 3.1 Insurance Charge

We will charge an insurance charge on Your policy on each policy monthiversary for the cost of providing the Benefit under this rider.

The insurance charge is payable throughout the policy term and is deducted through cancellation of units of the Basic policy on each policy monthiversary. The insurance charge is based on the Life insured's attained age, gender, smoker status as well as the net sum at risk at the time this charge is due. If the net sum at risk is lesser than or equals to zero, there shall be no insurance charge.

Net sum at risk = 105% of (the total Premium paid plus Top-up less withdrawal) less Account Value, subject to a minimum of 0

The insurance charge for this rider is not guaranteed and may change depending on the claims experience. We will write to you to tell you the new insurance charge at least thirty (30) days before we make any changes.

Please refer to Appendix A for the insurance charge rate.

### 3.2 Reinstatement

If Your rider has lapsed because the Basic policy has terminated, You may reinstate Your rider within twelve (12) months from the rider lapsed date by:

- paying any Top-up(s) required by Us;
- paying any fees and charges required by Us for reinstatement of this rider;

- paying any outstanding amount You owe with interest (if applicable);
- giving Us satisfactory proof of the Life insured's good health at Your own expense; and
- reinstating your Basic policy as well as this rider.

The reinstatement of this rider is subject to the Life Insured's Age, at the time of Your application to reinstate the rider, and Our approval at Our sole discretion.

If the Life insured is diagnosed with Angioplasty & Other Invasive Treatment for Coronary Artery, We will pay 10% of the CI Benefit, subject to a maximum amount of S\$25,000 per policy. This is only payable once and the CI Benefit will be reduced accordingly after such payment has been made. You must continue to pay the revised insurance charge to keep the rider in force.
