**Nature and Objective of the Plan:**

This is a Non-participating unit-deducting rider that accelerates the Death Benefit of the Basic policy if the Life insured becomes totally and permanently disabled on or before reaching the Policy anniversary when he attains Age 86 while the rider is in force. At the rider Expiry date, if We have not paid out any claims, this rider will end and no Benefits will be payable.

This rider covers the Benefits described below.

**PLAN BENEFIT**

---

**1. Total and Permanent Disability (TPD) Benefit**

---

If the Life insured becomes TPD on or before reaching the Policy anniversary when he attains Age 86 while the rider is in force, We will pay the TPD Benefit in one lump sum as an advancement of the Death Benefit of the Basic policy. When We make this payment, both the rider and Basic policy ends.

If the Death Benefit of the Basic policy is reduced due to a claim for critical illness under any other riders, We will reduce the TPD Benefit of this rider proportionally. The insurance charge for this rider will be reduced accordingly and You must continue to pay the revised insurance charge to keep this rider in force.

TPD is defined as follows:

Total and permanent disability (TPD) is a disability that lasts continuously for at least 180 days from the time it started, which the Doctor considers permanent and expects it to last throughout the lifetime of the Life insured, with no possibility of improvement in the foreseeable future. This means the following:

A disability where the Life insured suffers from any of these:

- a) total and irrecoverable loss of sight in both eyes;
  - b) loss of two or more limbs, each above the wrist or ankle;
  - c) total and irrecoverable loss of sight in one eye and loss of one limb at or above the wrist or ankle;
- or

d) disability defined in the table below, based on the Age of the Life insured in which the disability is first diagnosed by the Doctor:

Age of Life Insured	TPD Definition
Age 17 and below	A disability where the Life insured has to be permanently confined to a home, a Hospital or other Institution in order to receive constant care and medical attention.
Age 18 to 65	A disability where the Life insured is permanently unable to perform any work or occupation. This is applicable only if the Life insured is employed.
Age 66 to 70	<p>A disability where the Life insured is unable to do at least 3 out of 6 Activities of Daily Living without physical help from another person or mechanical equipment.</p> <p>The 6 Activities of Daily Living are:</p> <ul style="list-style-type: none"> <li>a) Washing - the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash by other means.</li> <li>b) Dressing - the ability to put on, take off, secure and unfasten all garments and, as appropriate, any braces, artificial limbs or other surgical or medical appliances.</li> <li>c) Feeding - the ability to feed oneself food after it has been prepared and made available.</li> <li>d) Toileting - the ability to use the lavatory or manage bowel and bladder function through the use of protective undergarments or surgical appliances if appropriate.</li> <li>e) Mobility - the ability to move indoors from room to room on level surfaces.</li> <li>f) Transferring - the ability to move from a bed to an upright chair or wheelchair, and vice versa.</li> </ul>

The maximum aggregate amount payable is Four Million Singapore Dollars (S\$4,000,000) per Life insured for all policies and riders issued by Us with TPD Benefits.
